

LARRY 3

Course Designer: Larry Del Pizzo

21 Rounds

START POSITION: Standing in the box with both hands relaxed at your sides.

From the box, move to the first barrel and double-tap one target from the right side and one target from the left side; move to the low wall and knock down the steel poppers; move to the second barrel and double-tap each of the shoot targets (from either/both sides of the barrel); move to the room: The room will have 1 or more targets which may be all shoot, all no-shoot, or a combination of the two. From cover double-tap each of the appropriate targets.

Notes: Each hit on a no-shoot target will result in a 10 second penalty. Failure to shoot from concealment will result in a 10-second penalty for each shot fired in the open. The painted portion of cardboard targets are behind hard-cover so no hits in this area count for score. When there are more than 2 hits on a target, the best 2 count for score.
