

ON THE MOVE

Course Designer: Bill Chunn

16 Rounds

START POSITION: Standing in the back corner of the box with both hands hanging loosely at your sides

From either back corner (shooter's choice), double-tap the outside target; move to double-tap the 2 center targets; move to the far-side and double-tap the other outside target.

MANDATORY RELOAD: Double-tap the last outside target again; move to double-tap the 2 center targets again; move to the original corner to double-tap the first target again.

Notes: Each target should have 4 hits, if more than 4 hits are present, the BEST 4 will count for score. Each hit on a no-shoot target will result in a 10-second penalty.
